## \_WELCOME TO THE COMMERCIAL PORTS OF CATALONIA

**Ports de la Generalitat** is a public-sector company affiliated to the Department of Territory and Sustainability of the Generalitat of Catalonia.

**Ports de la Generalitat** is in charge of running all non concessioned fishing harbours, marinas and cargo ports directly managed by the Catalan government. This is a total of 26 facilities where among them the cargo ports of **Palamós (Girona)**, **Vilanova i la Geltrú (Barcelona)**, **Sant Carles de la Ràpita** and the port of **Alcanar (Tarragona)** are part of it.

All the commercial ports of **Ports of Catalonia** are recognised by ISO 9001, 1400 and EMAS certification in compliance with ISO Quality system requirements and good environmental practices which certifies the high quality port services from ship to office, in strictly compliance of the ISPS CODE and waste management under MARPOL auspices.

## \_5 REASONS TO CHOOSE THE PORTS OF CATALONIA

- Terminals specialized in general cargo, bulk and project cargo
- Flexibility and highly client orientation

- MOTORWAY
- DUAL CARRIAGEWAY
- HIGH-SPEED TRAIN

## BALEARIC ISLANDS

# 04 ALCANAR PORT

The industrial port of Alcanar, with two docks and three commercial wharves is under an administrative concession to the company Cemex that operates it for traffic of the goods produced at the Alcanar cement factory, mainly cement and clinker.

One of those docks are directly exploited by Ports of Catalonia. An opportunity to Handle and general or solid cargo.

The port of Alcanar, located just 10 kilometres from the port of Sant Carles de la Ràpita, and 100 km far away from the port of Tarragona, is the port that complements its neighbouring facility, providing the possibility of loading and unloading to larger vessels, both in terms of capacity and length.

## PRINCIPAL ADVANTAGES

- Export capacity.
- Good technical conditions for entering the port.
- Located in an area far from urban environments.
- Agile operations tailored to the needs of each client.
- Connection with the Mediterranean Corridor.

## COORDINATES:

I 0° 33' 22.69" E L 40° 34' 17.68" N

## WINDS:

Easterly (E) and northwesterly (NW)

## ENTRANCE:

100 metres with a draught of 12 metres.

## 04 ALCANAR PORT

### BASIC INFORMATION

#### COMMERCIAL DOCK:

Berthing line: 300 m
